

Survey for those who have been a past caregiver for a patient with prion disease (CJD)

Dear All,

Ionis Pharmaceutical Company has asked us to share with you the below link to a survey for past caregivers of a CJD patient. The information you can provide about your experience will greatly assist the logistics around a clinical trial for symptomatic CJD patients.

For further information or assistance in completing this survey please email contactus@cjdisa.com

Who is this survey for: People who were primary caregivers (took care) of a loved one who passed away due to a prion disease that was formally diagnosed and who are at least 18 years old. (Please note only one survey to be completed for each patient)

Who should NOT fill out this survey: People who are under 18 years old, people who have not been caregivers of a person with prion disease, people who are currently caregivers of people affected by prion disease, and people with prion disease.

How long does this survey take: It takes about 10-12 minutes.

When is the survey closing: You have until January 23rd 2023 to complete it.

Please note: Ionis Pharmaceutical will donate \$50 for every survey completed (1 per person/IP address). You will be asked to select your Patient Association for donation.
